JUDGING CRITERIA

The evaluation process for entries to the LIV Hospitality Design Awards is based on various judging criteria, constantly adapted to new technical, social, economic, and ecological requirements. These criteria provide an orientation framework and basis for judging, which is complemented by each individual juror's expertise and socio-cultural background. Each member of the Jury is passionately committed to providing a fair evaluation. Jury members are assigned categories based on their specific background and expertise and all projects are viewed and judged randomly and anonymously, in order to ensure unbiased and fair judging.

- Aesthetics — form, shape, color, texture, finishing, the material used, etc
- Innovation — does the design provide something new to the market or supplement/improve an existing structure?
- Practicality / Functionality – ease of cleaning, safety, maintenance…
- Ergonomics — How is the interaction with the client? Space optimization?
- Durability — the quality and longevity of the design and Architecture
- Impact — the benefit delivered to the client and/or society by the Design
- Integration — about the integration of the project to its local environment
- Ecological compatibility — potential environmental and/or ecological impact
- Emotional quotient — in addition to fulfilling its practical purpose, does this Living space create a sense of enjoyment, satisfaction?
